

Each gray line is scored the number in paranthesis

General Appearance (1-10)		Head (1-4)		Body (1-4)		Gait (1-4)		Coat, color, texture (1-2)	
Gen. Appearance	Head	Body	effortless	Color					
Size	Skull	Ribs - well sprung	straight-forward	harsh					
Proportion - square	length same as muzzle	Chest - deep	springy	dense					
Substance (bone muscle match size)	definite stop	Loin - short, broad, muscular	strong	hindquarter					
	slightly rounded muscles flat	Forequarter - well laid back, scapula = humerus	hindquarter	Skin color					
		Hindquarter - pelvis slightly tilted	head and tail up	Clip					
Temperament	Muzzle	Topline - straight	Notes:						
very active	long	Neck							
Not shy	straight	long enough to hold head high							
Not sharp	fine	strong							
	chiseling	skin snug							
Carriage and condition	chin	Legs							
Proud	Teeth	Fore leg - straight							
Upright	white	elbow directly under point of shoulder							
Tail up	strong	parallel							
	scissors	Pasterns - strong							
	Expression	Hind leg - straight							
	eyes wide enough apart - alert expression	Angles balance front							
	Ears	Pasterns - strong and parallel toes just behind rump when pasterns are straight							
	close	muscular with width in area of stifles							
	long eye level	Feet							
	wide	Relatively small							
	thickly feathered	arched							
	Eyes	oval							
	dark	straight							
	oval	Tail							
	alert	Tail set - set on high							
		straight							
		carried up
